

The technical drawing illustrates a mechanical assembly in two views. The top view shows a base plate with overall dimensions of 260mm by 99mm. It features a central longitudinal slot and several circular mounting holes. A vertical plate is attached to the left side, with a diagonal link connecting it to another component. Key dimensions for the top view include a total width of 260mm, a base thickness of 9.7mm, and a central slot width of 8.2mm. The vertical plate has a height of 166mm and a width of 50mm. The diagonal link has a length of 156.5mm and a thickness of 16mm. The side view shows the profile of the assembly, with dimensions indicating a base thickness of 9.7mm, a central slot width of 8.2mm, and a vertical offset of 27mm. The vertical plate's height is 166mm, and the diagonal link's length is 156.5mm. The base plate has a total length of 260mm and a width of 99mm. The vertical plate has a width of 50mm and a thickness of 16mm. The diagonal link has a length of 156.5mm and a thickness of 16mm. The base plate has a central slot with a width of 8.2mm and a depth of 27mm. The vertical plate has a height of 166mm and a width of 50mm. The diagonal link has a length of 156.5mm and a thickness of 16mm.
